

MD YASIN

Computer Science And Engineer

About Me

Computer Science student passionate about frontend web development, UI/UX design, and problem-solving. Skilled in building responsive and user-friendly web applications, designing modern interfaces in Figma, and continuously improving coding skills through practical projects and innovation-driven learning.

An active member of the Institution's Innovation Council, with a strong interest in technology, creativity, and startup culture. Also a state-level Kho-Kho player, demonstrating discipline, teamwork, leadership, and the ability to perform under pressure while maintaining a balanced academic and professional mindset.
