

MD YASIN

Computer Science & Engineering Student | Frontend Developer | UI/UX | Startup Founder

Godda, Jharkhand, India | +91 8084440846 | aliyasin4u@gmail.com | github.com/yasinali123

PROFESSIONAL SUMMARY

Computer Science & Engineering undergraduate with hands-on experience in frontend web development, UI/UX design, and entrepreneurial product development. Proven track record as a founder building scalable platforms (Yasinova, RentED) and actively competing in national hackathons. Skilled in React, Node.js, JavaScript, modern web tools, and user-centric interface design. Passionate about leveraging practical technology solutions to solve real-world industry and campus challenges.

TECHNICAL SKILLS

Programming Languages:	C, JavaScript (ES6+), HTML5, CSS3
Web Technologies:	React.js, Node.js, Responsive Web Design, REST APIs
UI/UX & Design:	Figma, Wireframing, Prototyping, User Research, Interface Design
Tools & Platforms:	Git, GitHub, Vercel, Render, VS Code, AI Development Tools

FOUNDER & STARTUP EXPERIENCE

Founder & Lead Developer — Yasinova (*Construction Tech Marketplace*) [\[Live Demo\]](#) 2024 – Present

- Architected and launched a B2B/B2C construction-material marketplace platform connecting buyers directly with verified regional suppliers and logistics services.
- Engineered intuitive discovery and procurement workflows, significantly simplifying material selection and price transparency for contractors and home builders.
- Designed responsive frontend layouts and interactive user interfaces using modern web standards.

Founder & Product Designer — RentED (*Student Rental & Resale Platform*) [\[Live Demo\]](#) 2024 – Present

- Conceptualized and built a hyper-local campus marketplace for students to buy, sell, and rent books, lab equipment, calculators, and accommodation (PGs/rooms).
- Implemented campus-level user verification and peer-to-peer transactional workflows to ensure trust and affordability.
- Deployed application on Vercel with continuous integration and responsive design optimized for mobile and desktop users.

TECHNICAL PROJECTS

Code-Verse — *Developer Community & Showcase Web App* [\[Live Demo\]](#)

- Developed an interactive, developer-centric web application demonstrating advanced frontend components, modern aesthetic trends, and responsive layouts.

Photo Gallery — *Modern Interactive Image Gallery* [\[Live Demo\]](#)

- Built a lightweight, highly performant responsive image gallery featuring optimized layout grid systems, seamless modal previews, and smooth UI interactions.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science & Engineering 2025 – 2029

Chaibasa Engineering College, Jharkhand

Senior Secondary (Class XII) 2022 – 2024

Diksha International School

Secondary Education (Class X) 2021 – 2022

Saint Thomas School, Godda

LEADERSHIP & HACKATHONS

- **Smart India Hackathon (SIH):** Participated in intensive nationwide team hackathon, collaborating to solve real-world governmental and industrial problem statements.
- **Idea Rangmanch 2.0:** Pitched startup ventures to industry mentors and investor panels, refining product strategy, business logic, and presentation capabilities.
- **Hack-To-Hire & TECH-SPIRE:** Competed in competitive coding, technical innovation challenges, and algorithmic problem-solving events.
- **Institution's Innovation Council (IIC):** Active member driving student innovation, entrepreneurship awareness, and tech ecosystem development.
